

Sharjah Indian School - KG2

My only wish

1) Plastic, Plastic, Plastic,
It's all over the sea.
It's not harmful you might think,
But I wouldn't agree.

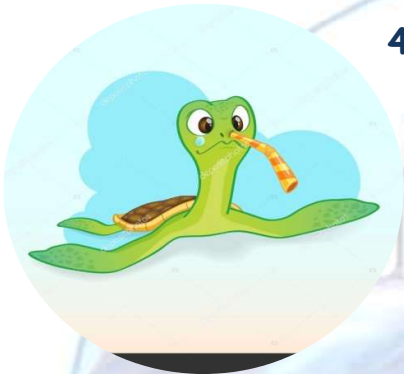

2) Each year because of plastic,
Many sea animals die.
They continue to suffer,
All they can do is cry.

Rap:

This is our world, this is our world
Our beautiful, beautiful world.
The trees, the plants, the flowers,
The mountains and the hills.
The oceans and the seas.
We need to protect, we need to preserve.
We need to take care; this is our world, world.
Our beautiful, beautiful world.

3) This is something we all know,
But we just don't pay heed.
Our care and support is
All that they need.

4) Use metal straws instead of,
Plastic ones,
Don't use plastic plates and cups
Or toy guns.

Rap: This is our world...

5) Let us save the turtles,
The dolphins and the sharks.
The whale and the jellyfish,
Other animals too.

6) Let us reduce the plastic,
And save these animals.

This is my only wish

This is my only wish

This is my only wish...

Rap: This is our world...
